Year 2020-21 put us in a precarious situation due to unforeseen covid lockdown. Everything changed yet the school started with a new enthusiasm and adapted to a new mode of learning – **The Virtual Learning Platform.**

Ages come and pass but 'The wheel of Time' turn unhindered by the ongoing circumstances.

The mighty time brought a new unprecedented world of hopes ,trials and insights in order to make us to delve deeper into our conscience and discover the undiscovered, the latent ideas to realize and optimize the underlying capacities within us.

We at Swastyayan are resolutely committed to nourish the young budding minds by encouraging them to follow their scientific instincts, foster creativity & curiosity and dispel the clouds of anxiety and apprehension, leading them towards their untapped potentials in a natural way.
