

SWASTYAYAN PUBLIC SCHOOL
HALDWANI
SUMMER HOLIDAY HOMEWORK
CLASS V

You have been locked down for a long time. Truly injustice! But there was no other option. Now summer break is on its way, but this time it's not much awaited. Reason you know already.

So to keep you busy, some work is being assigned to you. Once again you are being reminded that this is the time of excellence, mediocre do not have any place anywhere and excellence can be achieved with only efficiency and proficiency. Efficiency is how much can you work and proficiency is how qualitatively you can do the work. So while doing the work, check your efficiency and proficiency together to check the level of your excellence. What more did you do in Holidays besides, do let us know. You are capable of any miracle.

Just Try!!!!!!

English

There is a lesson in your book, "My Elder brother", on page no. 65. It is a conversation. It's easy to understand a lesson when it is in a conversation and sentences are short. Long paragraphs are boring!!! Isn't it? Yes!!

So, do one thing, change the following lessons of your book into a conversation:-

- Rip Van Winkle
- The Talkative Barber

You can create more characters with your imagination but do not forget to cover the whole story into conversation. Also, ensure that the dialogues are short and in simple English.

You can do. You are capable of this.

All the best!!

SCIENCE

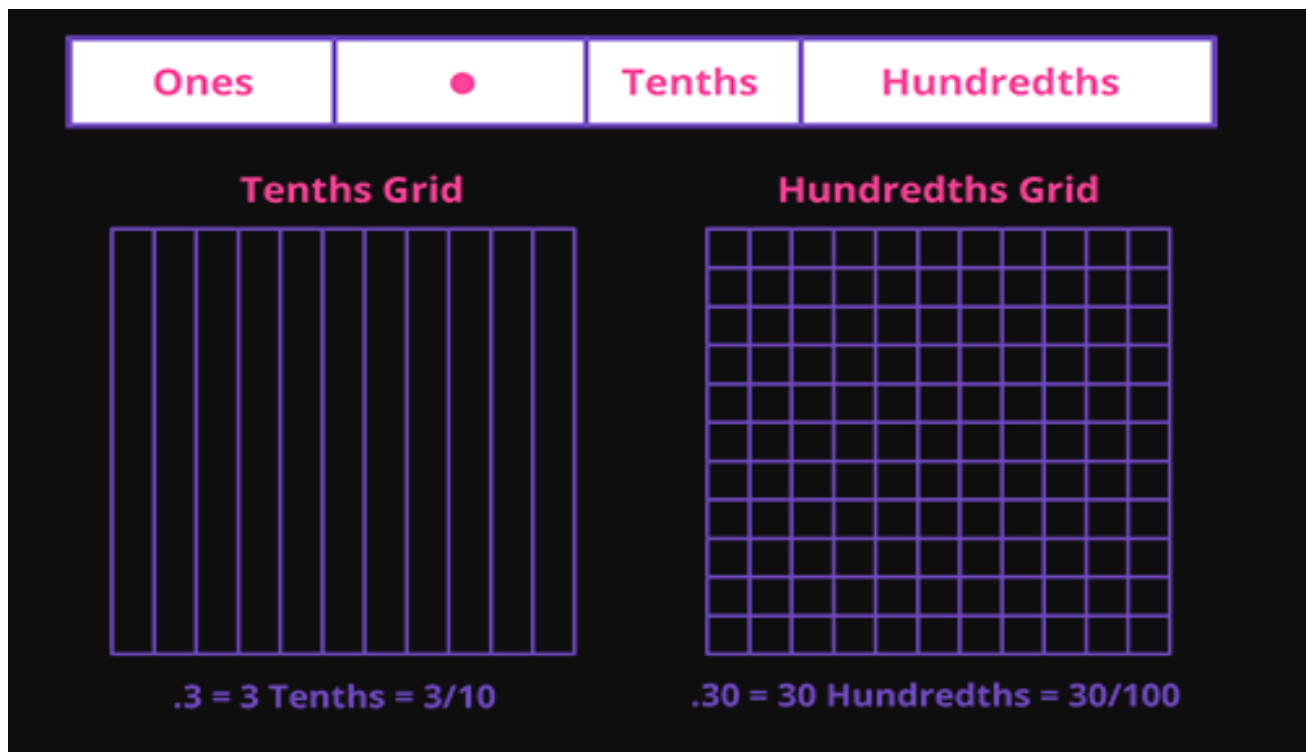

- Glean(collect) as much information as you can on different types of corona viruses and its power to affect mankind adversely. Make a report and support it with pictures and facts.

Mathematics

Day 1

SECTION A : Apply learning and find!!!!

Q1. We learnt the place value Hundredths by using following square which was partitioned into 100 parts, of which each group of 10 smaller squares made a Tenth. Now, can you partition the same square to represent Thousandth place value? (Go through videos that were sent earlier on place value Tenths and Hundredths)

Day 2

Q2. Make a meter scale just like a centimeter scale and write your observations about following points:-

- What difficulties you faced while doing this?
- Why do you think centimeter or millimeter is even required when we have meter?
- Now, what do you think is the role of decimal in these measuring units?

Q3. Look around yourself and find things that are even smaller than Millimeter and also find a unit for measuring such things.

SECTION B : Practice Time

Day 3

Q1. Convert the following fractions into decimal up to three decimal places :-

- | | | |
|-------------|---------------|--------------|
| 1. $12/40$ | 5. $129/450$ | 9. $789/45$ |
| 2. $13/20$ | 6. $456/23$ | 10. $655/33$ |
| 3. $34/234$ | 7. $450/1550$ | |
| 4. $90/345$ | 8. $35/236$ | |

Day 4

Q2. Add the following:

1. $256.005 + 21.45$

2. $89.45 + 207.50$

3. $4798.050 + 32.005$

4. $94.23 + 34.87$

5. $167.250 + 234.456$

6. $4567.89 + 209.005$

7. $557.945 + 348.100$

8. $62.345 + 567.005$

9. $43.45 + 25.38$

10. $256.909 + 436.544$

Day 5

Q3. Multiply the following:

1. 24.5×32.05

2. 45.65×90.34

3. 58.23×56.34

4. 76.45×34.20

5. 123.5×23.56

6. 690.4×34.12

7. 45.45×94.003

8. 67.05×345.09

9. 12.4×15.8

10. 42.9×45.08

After day 5, mental ability worksheets are to be solved. Worksheets will be sent on day to day basis till the book is made available to you.

Hindi

ग्रीष्म अवकाश हेतु हिंदी गृह *कार्य / कक्षा - 5*

प्रिय बच्चों,

यह छुट्टियां आपके परिवार के साथ जुड़ने के लिए अनुकूल समय है, यह आपके शौक और जुनून को पूरा करने का भी एक मौका है।

अतः यह छुट्टियां आपके अनुरूप हो, आप अपने विस्तारित परिवार के साथ आनंदमय अध्ययन करें, तो सर्वप्रथम अपनी पाठ्य पुस्तक के *पाठ *एक दिन की बादशाहत* कहानी को पढ़ें।

(1) - बच्चों अगर आपको घर में 1 दिन के लिए सारे अधिकार एक बादशाह की तरह दे दिए जाएं , तो आप क्या करोगे? एवं घर के बड़ों को , एक दिन बच्चों की तरह, कार्य करते देख कर आपको क्या अनुभव होगा *?* यह छुट्टियों में एक दिन करके देखें और अपना अनुभव कम से कम सौ शब्दों में लिखें।

(2) - बच्चों, आनंद देने वाली रचनाओं, कहानियों आदि को हम एक और कोण से देख सकते हैं?

जैसे----

(क) हाजिर जवाबी

(ख) व्यंग

(ग) हंसाने वाली परिस्थितियां

(घ) घटनाक्रम और अतिशयोक्ति

जी हां, आपको इन्हीं कोणों के आधार पर 5 चुटकुले लिखने होंगे।

(3) - कागज के पन्नों की किताब और डिजिटल पर्दे पर चलने वाली किताब , आप इनमें से किस को पसंद करोगे ?और क्यों ?

(4) - आप मशीन की मदद से पढ़ना पसंद करते हैं या अध्यापक की मदद से? दोनों के पढ़ाने में किस-किस तरह की सरलता और कठिनाइयां हैं *?*

अपने विचार न्यूनतम शब्द, 30 और अधिकतम 50 शब्दों में लिखें।

बस इतना ही

धन्यवाद आप सपरिवार स्वस्थ और सुरक्षित रहें।

Most Interesting: Learning by Doing!!!!!!

Science activities and Art & Craft work is truly enthralling and entertaining. Don't miss it. We are here to help you. In vacation, every other day, either one science activity or one art & craft activity will be sent to you.

So, try them and if questions come in your mind while doing the activities, do record them.

**Enjoy the summer break the best,
Engage yourself in something great,
Enrich yourself with the result of activities,
Energize yourself with the achievements that you have,
And finally,
Enlighten yourself with the grand experience of
Summer Break.....
Happy Summer Sabbatical!**
